### **Google (basic search)**

Google searches were used as a backup to library database searches. The first ten pages were screened for any new studies that had not been identified through our institutional library database searches. As Google has a 32 word limit, the following search string was used:

(“Arts-Based Research” OR “arts-informed research” OR “arts practice research”) AND (Music OR Singing OR songs OR choirs) AND (asylum\* OR refugee OR migrant OR immigrant) AND (health OR wellbeing).

### **Google Advanced:**

“arts-based research” AND music AND migrant AND health OR singing OR refugee OR “asylum seeker” OR displaced OR resettled

Date: 2/8/20

Results: 3 additional studies identified
